

**DENTON, TEXAS 76203-5279.**

The Department of Geography at the University of North Texas invites applications for two tenure-track assistant professor positions, beginning September 1, 2008, to complement current faculty expertise.

**Position 1** requires expertise in GIS, computer programming, and Internet mapping. The successful candidate will teach undergraduate and graduate courses in GIS, with emphasis on introductory GIS programming, Internet mapping, and areas of research interest. **Position 2** requires expertise in applied surface-water hydrology. Potential assignments include undergraduate and graduate courses in introductory earth science or physical geology, hydrology, and field methods. Both positions require a Ph.D. at the time of appointment, supervision of graduate students, excellence in teaching and scholarship, and a commitment to attracting externally-funded research.

This is an outstanding opportunity to be part of a dynamic, interdisciplinary program addressing human/environment interactions of regional and global importance. The department exemplifies the university's vision of a student-centered research institution emphasizing diversity, internationalization, and collaboration. Our programs provide students numerous opportunities for internships with businesses and governmental agencies, as well as study abroad. We offer both bachelors and masters degrees in geography and contribute to interdisciplinary masters and doctoral programs in environmental science.

Send application letter including position number, teaching philosophy, and research interests; curriculum vitae; and three letters of reference to: Search Committee, Department of Geography, University of North Texas, P.O. Box 305279, Denton TX 76203-5279. Application reviews begin November 20, 2007, continuing until the positions are filled. UNT is an AA/ADA/EOE committed to diversity.
